You can make all the noise you want.. You must have a lot of free time.. We don't.. Lol.. Truth is a loser like you doesn't deserve a second of our lives.. So yes we will block you.. You can scream your lungs out.. You are just a waste of life.. So Keep at it, that's your worth... Lol

Monday 5:39am

All that I (and the rest of your victims) do not deserve is the torture you put them through in the big lie that you are trying to help them. Also, if you are so desperate to get me out of your life. Please block me and all the rest of your victims for that matter. That is the greatest good you and your evil colleagues will ever do for the world. Have a nice day and enjoy being reincarnated as a paraplegic because god will eventually punish you for all the suicides you cause daily in a way much worse than I ever could!

Keep telling yourself stories to make yourself feel better. You are the one hiding and writing low life, racial, disgusting comments on others profiles, don't even spare children, and call yourself nice. You think God will be on the side of a disgusting waste of life like you. You must be retarded.. Lol. God bless you..

Yesterday 2:11 AM

I'm not the one who tried to be a "doctor", failed miserably and became a psychiatrist here so your mentally retarded delusional psychopathic idea that I am a loser is completely unfounded. Moreover, I may insult children, but only children of satanic monsters like you who have the audacity to murder and torture people and then lie that you're trying to help them. And don't tell me you have never tortured children at juvenile asylums. You are an absolutely disgusting waste of space much worse than your boss as well because the only difference between horwath and you is that horwath is at least professional. Keep lying to people you're trying to help them so that you can line your pockets and buy your fifth tesla at the expense of your "patients" (victims is the more accurate word). Also, I don't need to tell stories because both you and I know the truth which is that all you have ever done with your life is lock people in seclusion lying you are trying to help them.

Also, weren't you going to block me?

Also, I am not hiding. 10529, Ashbury Avenue, Cleveland, OH, 44106, feel free to stop by. I had to drop out of graduate school due to the immense toll you took on my mental health due to the torture and human rights abuses you put me through (although I highly thank god the doctors saved my life back last July) when I had to see your despicable soul for the 3rd time last year. And I am nice, I don't need to claim so (insofar as I don't murder and torture people to buy a 3rd yacht like you do). Enjoy your material wealth in this life because you are going to lose all of it when you get reborn as a paraplegic for the innumerable people you have murdered with the very limited amount of power you have. And I have zero doubts your children will turn out monsters just like their father. I don't wish death upon you in the slightest or any harm to your family but I do hope all 4 of you get locked up in the sanitarium with bastards calling them arrogant assholes continuously.

Karma's a bitch, my friend. Just like you!

And you can keep spreading the big lie that you help people as much as donald trump lies that he won the election. People are not as stupid as you think they are. "You can fool some of the people all the time, you can fool all of the people some of the time but you can't fool all the people all of the time." -Abraham Lincoln. And please stop replying if you have so little time. You know much better than me that all you do in the asylum is abuse, violate, gaslight and torture people after which they get sent to jail. Have a nice day, I hope you're real proud of yourself because all of your victims you call patients hate you even more than I do.

Lol you really do have lot of time. Just saying stuff to make a point

Stay a loser

Keep crying

Goodbye

Bye. Have a nice day!

Keep torturing people!

Lpl

That's your perception because

You are incapable of understanding better

I know all you can do is sadistic laughter because you are a pervert

You are proving what isaid

You are just not capable to understand

And you can tell me about children once you understand what my mom went through after what you did to her child!

Lol.. Bye.. May you find something useful to do with your time

I did nothing to anyone's child

But anyway you have to try to make a point

I'm sure you've never locked up anyone in solitary confinement for 2 weeks saying it is seclusion.

Not even me

Oh.. It's you.. Lol

I'm just a bipolar 1 psychotic loser to you anyway but at least I'm not a malevolent jerk

I know you now

Lol

I shouldn't have wasted a sec on you

I actually tried to help you.. But you will never understand that

See, you know you're in the wrong which is why you go on ad hominem attacks!

Good luck Anish

I really have no time for a thankless guy like you.. Bye

Take your time googling ad hominem, this is the reason you will never be a real doctor.

Lol

Anish 1st of all I didn't seclude you.. We follow attendings.. And you definitely need help

Get some help pl

What?

Why do you not hate me after all I did?

I do everything possible to hurt you out of pure unadulterated hate, take my medications as prescribed and you still think I'm just crazy and not evil, no good person would ever hit their mother, why do you think I want to kill myself? I have no control, I know everything I said was utter rubbish and completely morally abhorrent but you still do not even think getting the death penalty or life in prison is the only good option for me. I've literally been to jail already because I broke the trim in your hospital. I literally try to kill myself because I am a despicable human being and you won't even let me die. Like, what is your problem? I don't deserve to live and you know that as well as I do. Anyway, I do apologize for what I said to your wife and kids, it's not right and you are 10 billion times the man I will ever be which is why you have a wife and kids in the first place. I wish nothing but the best for you. I'm taking meds and going to therapy rn as well but at some point, even you have to admit I'm just evil, even my mom will have to. Anyway, you are a good man. I am not texting you anymore. I apologize
